LIONS DONATE \$1,100 TOWARD CHEST DRIVE

Gettysburg Lions Monday evening voted \$1,100 to the Gettysburg Community Chest drive, an increase of \$100 over the amount the club gave last year. The sum was voted unanimously by the Lions on recommendation of its finance committee headed by Thomas J. Gibbons.

The donation will come from the club's charity fund which is to be replenished by the benefit football game October 15 on the Gettysburg High School field when Gettysburg College and Bucknell University freshmen teams will clash.

Tickets for the benefit game were being distributed to members Monday evening at the Shelter House. About 60 Lions attended with President Douglas W. Smith presiding.

Appeal For Glasses
The Lions also heard an appeal from Chairman Roland Kime of sight conservation committee for donations of used eye glasses, frames and lenses which are being collected as a project by Lions of this district. They will be sent to an eye clinic in India.

Guest speaker for the club Monday was Paul Osborn, Biglerville, who showed a color film he made in April during travels in countries behind the "Iron Curtain." The film was made principally in Prague, Warsaw, Moscow and Berlin. Mr. Osborn told of his travels as he showed the film.

Kenneth Dengler, chairman of the special activities committee, announced plans for a Lions bus trip to Baltimore November 1 for the Colts-Browns game.

LIST CHAPEL IN NEW GUIDE

Gettysburg is one of 182 places of special interest to Methodists listed on a large eight-page, gate-fold "Methodist Americana Guide for Tourists" that will form one of the special features of the 175th anniversary issue of "Together, Methodism's family magazine."

The special issue, which will appear in October, is being prepared as "Together's" contribution to the nationwide observance of the 175th anniversary of the Christmas Conference of 1774 at Lovely Lane Chapel, Baltimore. On that Christmas Eve, 60 young men from John Wesley's "societies" in the new churches converged upon Baltimore to organize Methodism in America as a church.

The copyrighted guide for tourists presents two maps done in full color on which 100 of the 182 points of interest have been illustrated. They were selected in cooperation with Dr. Elmer T. Clark, executive secretary of the American Association of Methodist Historical Societies, and the officers of many of Methodism's conference historical societies.

One of nine places in Pennsylvania included in the guide, Gettysburg Rock Chapel, built in 1773 and rebuilt in 1849, is mentioned in the journal of Francis Asbury, first Methodist bishop in America.

Probe Death Of Girl In Pool

YORK, Pa. (AP) — An autopsy will be performed to determine the cause of death of 14-year-old York girl in an indoor swimming pool at York Suburban High School Monday.

Dr. Thomas Hart, York County coroner, said Katharine Bartlett, daughter of Thomas M. Bartlett, participated in a swimming class when the mishap occurred.

Hart said the girl was practicing with a group of other class members in shallow water when she suddenly began waving her arms in distress. The instructor, Mrs. Peggy Zarlos, and several others pulled her from the pool but were unable to revive her by artificial respiration.

SIX REGISTER FOR READING COURSE HERE

Registration for Gettysburg College's comprehensive reading course for elementary and secondary school teachers closed today according to an announcement by Paul N. Terwilliger, director of reading services at the college.

Six persons registered for the developmental reading course at its first meeting a week ago. Three semester hours credit will be given. The class will meet for three hours each Tuesday evening throughout the fall semester.

"We can still accommodate several more class members," Terwilliger said.

5 Are Teachers

Of those registered, five are teachers recently assigned reading courses in the public schools for the first time. The sixth registrant is a housewife with a "deep, personal interest in children's reading problems," the reading center said.

Terwilliger formerly served at the reading and study clinic at Lehigh University. He holds a Master of Arts degree in Reading from Lehigh.

Further information regarding the course, titled Education 25, "Problems in Developmental Reading," is available by addressing Terwilliger at the college.

"Stress will be placed on recognition of developmental reading problems and appropriate instructional aids," he added.

KIWANIS PLAN FOR KIDS' DAY

Members of the Gettysburg Kiwanis Club Monday evening postponed the annual election of officers until next Monday and made plans for the local observance of Kids' Day in Gettysburg on September 26.

Members of the Kiwanis Club will sell peanuts in the shell on Lincoln Square throughout that day and the proceeds will be used to finance the club's work among boys and girls of the community. The local plans are in line with a national observance being sponsored by Kiwanis Clubs throughout the nation.

Two new members were inducted Monday evening by Hans Enggren, chairman of the committee of Kiwanis education and fellowship. The new members are Leroy A. Binkle, operator of the Gettysburg Glass Company, and William D. Schott, sales representative for Merck, Sharp and Dohme.

The club meeting was held at Bren-Da's Restaurant, Fairfield Rd. President Robert McCoy presided.

Twin Girls Are Born; Joined "Face To Face"

VALPARAISO, Ind. (AP)—Two little girls were thriving in an incubator at Porter Memorial Hospital today as their parents and a doctor tried to decide when and where the delicate surgery to separate them should be performed.

The decision to operate on the Siamese twins, joined from breast to lower abdomen in a face-to-face position, already had been made.

"There's really no choice," said their father, Elvin Schultz, an insurance claims adjuster who lives at nearby Chesterton. "The operation has to be performed."

Dr. Thomas L. Dittmer, who delivered the twins Sunday, said frankly: "We don't really know

CANDIDATES TO SPEAK HERE ON WEDNESDAY

Adams County voters will have an opportunity to meet Republican candidates for local offices Wednesday night at a "Meet the Candidates" rally at 8 o'clock in Adams Electric Cooperative Bldg., rear N. Stratton St. The meeting is sponsored by the Adams Women and is open to the public.

Preceding talks by the candidates, members of the Republican Womens' Council will meet at 7 p.m. at the same location.

All Candidates Invited

Miss Elizabeth C. Evans, in charge of the candidates' meeting, has announced that the entire Republican ticket of eight candidates for local offices has been invited to speak. They are: E. Donald Scott and Clarence J. Waybright, candidates for commissioner; Carl S. Menchey, register and recorder; Donald G. Oyler, district attorney; Jacob Menges, probate judge; Mrs. Ruth E. Frey and Grayson A. Weigle, county auditor; Dr. C. G. Crist, coroner.

Mrs. Guyon E. Buehler, president of the council, urged members to attend both meetings and to extend personal invitations to all voters to meet the candidates.

Refreshments will be served by a committee headed by Mrs. Emma Sheffer.

DEATH CLAIMS LOCAL GRAD

Antonio Espinosa de los Monteros, 54, better known as "Monty," while a student at Gettysburg College from which he was graduated in 1925, died of a heart ailment in Mexico City on Saturday, according to an Associated Press dispatch.

Monteros was a member of the Sigma Alpha Epsilon fraternity. Monteros, an expert in finance and economics, went to Washington in 1945. During his service there, he led successful efforts to secure important loans for his country from the Export-Import Bank.

About 1949, he gave up his post and returned to a business career in Mexico.

He was also a graduate of Harvard University, where he was elected to Phi Beta Kappa.

As a young man, he virtually founded the Nacional Financiera, Mexico's government financing agency, and assisted in the settlement of his country's foreign debt.

In 1946 when President (then General) Eisenhower addressed the local graduates Monteros received an honorary Doctor of Laws degree from Gettysburg.

Warning Signals On N. Fourth St.

Western Maryland railroad workmen today completed the installation of the automatic traffic warning signal lights at the N. Fourth St. grade crossing and placed the lights in operation. The work was begun several months ago but materials caused delay.

The lights, which were placed under Public Utility Commission orders, were asked for because of the expected increase in traffic on N. Fourth St. with the opening of the Eisenhower Elementary School which went into use this month.

HALF SCHOOL TAX UNPAID

Gettysburg residents have paid \$271,538.79 so far on their total tax bill of \$414,415.26. Tax Collector J. Herbert Weikert announced today.

Yet to be paid is \$142,876.47 and the tax collector expects to have a busy few days between now and September 30. On October 1 a five per cent penalty will be added to the \$12,295.68 still outstanding in borough and county tax. And as of October 1 the \$130,580.79 still owed on school tax will be at par—the taxpayers will no longer receive the two per cent rebate for paying early.

According to the tax collector, residents still owe \$6,904.10 of their borough tax, having paid off \$77,792.84 of the total \$84,696.94 levy. The county is owed \$3,643.51 with \$31,594.62 paid on its levy of \$35,238.13.

The institution district is owed \$1,514.82, with \$14,743.68 of its \$16,258.50 levy paid off. Gettysburg residents who owed \$16,751.21 on the four per cent tax on their personal property have paid \$16,517.96 so far leaving a balance of \$233.25 to be paid.

On the school tax of \$261,470.48, town residents have paid \$130,889.69, leaving a balance of \$130,580.79 still to be paid.

Slate Instruction On Indoor Gardens

Mrs. Lynn Smith, Pennsylvania State University specialist, will demonstrate the planting of a terrarium and bulb dish for leaders and assistant leaders from home-maker groups in Adams County at a meeting next Tuesday from 10 a.m. to 2 p.m. in the Adams Electric Co-operative building, N. Stratton St.

Mrs. Helen Tunison, associate home economist, advised leaders and assistants to bring with them containers for planting, such as wide mouth bottle, apothecary jars with lids, fish bowls, glass decanters or casseroles for the terrariums; six-inch clay pots for bulb gardens; a pie tin to work in, pruning shears and forceps or tweezers.

For plants, Mrs. Tunison suggested evergreen woodland plants such as ferns, mosses, wax begonias, partridge berries and small house plants as well as a few bulbs for the bulb gardens.

Those attending are also expected to bring their own lunch.

SOLO HARPIST IN SYMPHONY

This season the Gettysburg Symphony Orchestra will have a new feature, a solo harpist, in the person of Mrs. Bonnie Caplan, of Frederick, Md. Mrs. Caplan joined the orchestra last season and became a soloist this year.

A native of Falls City, Neb., Mrs. Caplan began playing the harp when she was 13 years old. As a sophomore in high school,

MRS. BONNIE CAPLAN

she commuted 25 miles to play with the University of Nebraska Symphony and the Lincoln Symphony. She graduated from the University of Nebraska in 1953 with a Bachelor of Music Education, majoring in piano. While at the university, she was soloist with the ROTC band.

Following graduation she was employed by the Lyon and Healy Co., manufacturers of harps, Chicago, as assistant in the harp department. While in Chicago she studied with Joseph Vito, solo harpist with the Chicago Symphony.

She signed a contract as first harpist with the Atlanta Symphony, Atlanta, Ga., only to break it when she met her husband, Rueben Caplan. The Caplans now live in Frederick where Mr. Caplan owns and operates the Colonial Music Shop.

Besides being the mother of two small children, Craig, 5, and Sharon, 3, Mrs. Caplan also works in her husband's store. She finds time to practice while the cartoons are on TV or when her husband takes the children on calls with him.

The concert series opens this year on October 22 in the Gettysburg High School auditorium.

YOUTH SORRY
IN LATEST N. Y.
MURDER CASE

NEW YORK (AP)—One juvenile accused of fatally shooting another in a street gang fracas on the front steps of a high school said today he had become excited and "it was all a mistake."

Edward Peres, 16, made the statement to newsmen after being photographed and fingerprinted at police headquarters in the death of John Guzman, 16.

"I had the gun in my pocket and something went wrong with it because when I pulled it out it went off," said Peres. "It was all a mistake. I never wanted to shoot anyone."

Peres said he was sorry that young Guzman had died. Peres is one of seven youths charged with homicide in the shooting Monday on the steps of Morris High School in the Bronx.

Police said Guzman apparently was attacked because he had gone into another gang's territory to date a girl.

Guzman and two companions retreated on the steps. Guzman, felled by a single bullet, died two hours later. But first he whispered to police: "A blue raincoat. —a blue raincoat."

The police, in rounding up the seven alleged members of the attacking group, said Peres wore a blue raincoat.

The blue coat, police said, apparently was a badge of leadership in a street gang. All the other youths arrested wore light tan coats.

The youths arrested, and one still sought, were described as members of a gang known as the Royal Knights, composed mainly of Puerto Ricans.

Others indicted

Guzman had been a member of another Puerto Rican gang, known as the Valiant Crews. But police said that just before he died he insisted he had left the Crews some time ago.

A short time after Monday's shooting a grand jury returned first-degree murder indictments against seven other Puerto Rican youths in the fatal stabbing of two 16-year-olds Aug. 30 on a West Side playground.

Asks Referendum
On Constitution

Assemblyman Francis Worley on Monday at Harrisburg introduced a bill proposing another state-wide referendum next year on the question of a constitutional convention and offered a resolution extending the state's congratulations to the United Nations on the occasion of U.N. Day.

Mr. Worley pointed out that in a constitutional referendum in 1953, Adams Countyans voted in favor of such a plan but the proposal lost in the state by close to 100,000 votes. Under his bill, the General Assembly in 1961 would set up machinery for the convention if it should receive a favorable vote at the general election in 1960.

In connection with the U.N. resolution Worley reminded his colleagues that in 1955 he had introduced a resolution calling for total world disarmament to the police level and predicted that in another decade "we will have world government under law and the confederation form of government of the U.N. will be merged powers in international affairs."

7TH REUNION CONDUCTED AT 'MUD COLLEGE'

The seventh annual reunion of former teachers, pupils and friends of Mud College school was held on Sunday afternoon at the Littleton-Gottsbush along the Littleton-Gottsbush Rd. with the president, Granville S. Miller, Littleton 7, 2, presiding.

The school bell rang at 2 p.m. and the group convened to sing "America," led by Paul R. Snyder, Littleton, and accompanied on the old school organ by Mrs. Naomi C. Schwartz, near town. The invocation was given by Donald Stansfield, Baltimore, followed with the salute to the flag. There were group singing and reading of the minutes of the 1958 reunion. An acknowledgment of the sympathy sent to the Newman family upon the death of Sam Newman, Lubbock, Texas, was read.

Frank E. Basehoar, principal of Littleton High School, was introduced by Paul Snyder as guest speaker. Mr. Basehoar prefaced his talk by stating that he taught two weeks in Mud College school in 1946. His subject was "Reminiscing and a Look at the Future" and he said, "Teach the child to do better the things he is going to do anyhow." He pointed out the changes in the school system the past ten years.

A memorial service was held by Ray Epley for Sam Newman and Orville Newman.

A nominating committee appointed by the president included Mrs. Esta Reindollar, Mrs. Margaret Stansfield and Mrs. Oneda Snyder who presented the following slate of officers who were elected to serve for the 1960 reunion to be held the third Sunday of September were: President, Herbert Crouse; vice president, Robert L. Crouse Sr.; secretary, Mrs. Naomi Schwartz; treasurer, Glenn C. Bowers; song leader, Paul Snyder; historians, Amos Snyder and Charles Little. Remarks were heard from the historians; also, Dr. Willis Hartman, Mrs. Sadie Hartman, Ray Epley and Mrs. Naomi Schwartz.

Prizes were awarded to Mrs. Sadie Hartman, Mrs. Mabel Wilkins and Lawrence T. Crouse. The meeting concluded with the singing of "God Be With You." During the reunion social hour refreshments were served.

BURY MRS. MCCURLEY

Funeral services for Mrs. Lillian M. McCurley, 47, Gettysburg R. 4, wife of A. R. McCurley, who died Friday in the Philadelphia Naval Hospital, were held Monday at 10 a.m. at the Peters Funeral Home, Carlisle St., with the Rev. Dr. Henry W. Sternat, Biglerville, officiating. Interment was made in Bender's Church Cemetery. The pallbearers were John Sanders, Jacob Myers, Robert Neary and William Dillman.

"WHY, HOW, WHEN, WHERE"

It's all in knowing why and how... combined with when and where... this knowledge makes for happiness... and helps us detour care... why is the reason for it all... how is the skill to do... when is the time, where is the place... to stop or follow through... our actions must have purpose and... in them we should believe... this is the first and foremost rule... that helps us to achieve... then comes the knack of knowing how... without it we are lost... for after all is said and done... knowledge must pay the cost... when is important, so is where... if we're to win the race... our why and how must unite with... the proper time and place... and so it goes throughout this life... we should observe this rule... know why and how and when and where... and never play the fool.

WALT ALSTON IS CONFIDENT BUMS WILL WIN

ST. LOUIS (AP)—His Dodgers are facing old nemesis Larry Jackson tonight, but Los Angeles Manager Walt Alston admits he's confident of his club's pennant chance because "you have to be the players make you feel that way."

Jackson's name might as well be Stonewall to the Dodgers, although he is a .500 pitcher for his career and 13-13 this season. The St. Louis Cardinal right-hander owns a 12-5 lifetime mark against the Dodgers.

Alston nominated strikeout ace Sandy Koufax (8-6) to face Jackson in the opener of a two-game first place tie with Milwaukee in the fantastic National League pennant chase.

Prizes were awarded to Mrs. Sadie Hartman, Mrs. Mabel Wilkins and Lawrence T. Crouse. The meeting concluded with the singing of "God Be With You." During the reunion social hour refreshments were served.

Never Beat Cards
Koufax has never finished a game against the Red Birds, but that doesn't bother Alston. If it bothers Koufax or any of the other Dodger players, they are hiding it well.

The Dodgers exuded confidence as they worked out here Monday and watched Chicago blast the Cardinals 12-3 Monday night.

Alston, a former school teacher never given to rash statements, can't hide his pleasure over his club's amazing climb from seventh place last season to top contention this year.

The club has not one hitter among the league's elite and no 20-game winners but has shown great team effort and a deep, if unpredictable pitching staff.

Khrushchev

(Continued From Page 1)

tem: "We want to build a society under which every man will be a brother of his neighbor, where there will be no enmity, there will be complete equality; as, by the way, was preached by Christ."

"And if you do look into our philosophy you will see that we have taken a lot of Christ's precepts, regarding, for instance, love for one's neighbors and others. Such is our aim."

Earlier he went a step further than Communists usually do when they discuss the United States. The Communist line has been that the American people may want peace but their government doesn't.

But here was Khrushchev saying: "We want to have friendship with the American people and the American government, and I draw no line of distinction between the people and the government of the United States."

Iowa farmer Roswell Garst is ready to give Nikita Khrushchev some tips on how to produce more food in the Soviet Union when the Soviet leader visits his farm Wednesday.

But his larger purpose, Garst says, is to help with the task of "selling Khrushchev on an arms inspection plan to get rid of the burden of armaments."

Garst is a hybrid corn expert, livestock raiser, farmer, banker and proprietor of a general store in Coon Rapids—population 1,700—some 65 miles northwest of Des Moines. He met Khrushchev during his several trips to the Soviet Union and he was a guest in Khrushchev's home on the Black Sea last spring.

"You might say I'm constitutionally opposed to hunger," Garst said. "I think a hungry man is a dangerous man and a hungry nation is a dangerous nation."

HARTFORD, Conn. (AP)—A Hartford youth was charged with murder Monday in the hammer-slaying of a 75-year-old shopkeeper Sept. 15.

Police said the youth, Robert Dukes, 20, admitted the killing as he was being flown from Pennsylvania to Connecticut for questioning Sunday night.

Dukes was also charged with robbery with violence and violation of probation.

NEW BROWNIE TROOP TO BE REGISTERED

Registration for the new Brownie Troop, to be No. 75, will take place on Wednesday after school in the social hall of St. Paul's Lutheran Church. This year's new troop will be sponsored by the Young Women's Bible Class of St. Paul's, and Mrs. Hilda Arter will be the leader. Two assistant leaders and four troop committee members are needed, and mothers of the second grade girls eligible to join the troop are invited to volunteer. Mrs. Charles E. Ritter, neighborhood chairman, is accepting registrations.

Brownie Troop 73 will hold its first fall meeting on Thursday at 3:30 p.m. in the engine house. The troop leaders are Mrs. Paul C. Mayers, Mrs. John A. Sentz and Mrs. John D. Basehoar.

Mrs. George Schaefer and Mrs. Carroll E. Arter, leaders, have announced that the first fall meeting of Brownie Troop 61 will be held in the engine house on Saturday at 10 a.m. Troop members and committee members are asked to bring the annual registration fee along to the Saturday meeting.

Hold Anniversary Ride
The annual anniversary trail ride of the Carroll-Adams Riding Club was held on Sunday afternoon. Arrangements were in charge of Oscar Sentz and Mrs. Dorothy Barnes. Following the ride, refreshments were served at the club grounds, along the Mill Rd.

The first fall meeting of Cub Scout Den No. 5 will be held tomorrow from 7 to 8 p.m. in the engine house. Mrs. Richard B. Hartlaub and Mrs. Kenneth Hartsock are the den mothers.

Mrs. Mabel Benner, Mrs. William Feeser and Mrs. Edna Fortney will be hostesses for the September meeting of the Star Bible Church at 7:45 p.m. Thursday at the church.

Society To Meet
A white elephant party will be held in connection with the monthly meeting of the Abigail Kammerer Missionary Society of St. Paul's Church at 7:30 p.m. next. Peter is asked to bring a fifty cent item for the party and to hand in the fall thank offering. Mrs. Charles E. Rabenstein and Mrs. George Schaefer will be leaders and the latter will also be hostess. The society is also collecting used white shirts for a leper colony and anyone of the church is asked to send the shirt donations along to the meeting.

Miss Roberta Graham, Littlestown, R. 1, has enrolled as a freshman at Elizabethtown College. Miss Graham was valedictorian of the Littlestown High School Class of 1959.

Sunday evening dinner guests of Mrs. Mary Lawrence, Prince St., were her brother and sister-in-law, Mr. and Mrs. Mark F. Hare, and daughter, Louise, Littleton.

C. Robert Orndorff, a veteran of the armed forces and graduate of the local high school, has begun his freshman year at Shipensburg State Teachers' College. He is the son of Mr. and Mrs. Roger Orndorff, Littlestown, R. 1.

Personal Items
Mr. and Mrs. John A. Mehling and family have moved into the first floor of the Paul L. Hollinger apartment, St. Queen St. from Washington where he has been stationed with the armed forces. He has been reassigned to duty in the Azores, and will leave October 8. On Sunday, Mr. Mehling attended the reunion of the descendants of Emanuel Kooztz at Memorial Park, Taneytown, with his uncle and aunt, Mr. and Mrs. Howard Kooztz, Westminster.

Mr. and Mrs. Edward F. Hawk and daughters, Dolores and Sandra, and Mr. and Mrs. Richard A. Little Jr. and son, Gregg, of town, visited on Sunday with Mrs. Hawk's brother-in-law and sister, Mr. and Mrs. Frank L. Stately, and daughter, New Windsor.

The young people's choir of St. Paul's Lutheran Church will hold their first rehearsals of the fall season on Thursdays, Intermediate Choir at 6:15 p.m. and Junior Choir, 7 p.m.

Anyone interested in the church in Hawaii is invited to attend the illustrated lecture in St. John's Lutheran Church at 7:30 p.m. on Wednesday. The speaker will be the Rev. E. W. Vetter, a former pastor of St. Paul's Lutheran Church, Honolulu. The program is being sponsored by Women.

FILE NEW COMPLAINT
A defendant's complaint against an additional defendant has been filed in the prothonotary's office by Atty. S. M. Raffensperger in the trespass action brought by Edwin B. Orrell, Huntingdon Valley, as administrator of the estate of Margaret Reynolds Reynolds against Walter E. Knipple, Mt. Holly Springs, and Edwin B. Orrell as additional defendant. In Knipple's complaint he holds Orrell responsible for the accident near York Springs October 24, 1958, in which Mrs. Reynolds, a passenger in Orrell's car, was fatally injured when the car and Knipple's truck were in a collision.

Miss Linda M. Roth, daughter of Mr. and Mrs. Dale H. Roth, Gardners R. 1, will enter Johns Hopkins Hospital School of Nursing in Baltimore next Monday. She is a graduate of the Bermudian Springs High School this year. After completing her nursing course, she plans to matriculate for a Bachelor of Science degree in Nursing. Her address will be Hampton House, Box 632, North Broadway, Baltimore 5, Md.

MISS BURGOON WEDS SUNDAY

Miss Mary Ann Burgoon, daughter of William L. Burgoon, 426 S. Queen St., Littlestown, and the late Mrs. Goldie Nester Burgoon, and John Wesley Mills Jr., son of Mr. and Mrs. John W. Mills Sr., 608 S. Second St., Chambersburg, were united in marriage on Sunday afternoon at 2 o'clock in Redeemer's United Church of Christ, Littlestown.

The Rev. Glenn Flinchbaugh, pastor, officiated at the double ring ceremony. The church altar was decorated with bouquets of white asters and ferns.

The bride, who was given in marriage by her father, was attired in a white brocade street length dress, styled with a low round neck and blue sequin trim at the waist. She wore a white band hat with a nose veil, and carried a white Bible with an orchid showered with mums.

The bride was attended by her sister, Miss Gloria E. Burgoon, Littlestown, who wore a Bahama blue silk organza dress, shirtwaist style with satin collar and cummerbund, three-quarter length sleeves and bouffant skirt. She had a matching satin headpiece and carried a bouquet of white and pink mums.

The best man was Samuel Gillespie, 643 Lincoln Way West, Chambersburg.

Following the ceremony, a reception was held at the bride's home. The couple left on a week's wedding trip to Niagara Falls. Upon their return, Mr. and Mrs. Mills will reside in Chambersburg.

Ask New Hearing On Equity Action
Atty. Donald G. Oyler Saturday filed a petition for Mrs. Carrie Olinger, York St., with the prothonotary's office asking the court for a rehearing in the action in equity taken by Mrs. Olinger against Murray W. and Ruby Lee Eyer.

Originally in the equity action, the court directed that the Eyers return to Mrs. Olinger the property she had given them on condition they take care of her.

At the time of the return, the property was subject to a mortgage held by a Detour, Md., bank. In the petition for a rehearing it is held that bank officials at Detour now say that the Olinger property may be removed from the mortgage because there is more than sufficient equity held by the Eyers in a farm property to cover the entire amount of the mortgage. Originally the mortgage covered both properties.

League Organizes
Reorganization with election of officers took place at the first fall meeting of the Luther League of St. Paul's Lutheran Church, held at the church on Sunday evening. Results of the election follow: President, Edward Knipple; vice president, Robert Benner; secretary-treasurer, Jacqueline Morelock; news reporters, Marjette Weikert and Edwina Elder.

It was decided that two different sets of parents will attend the weekly meetings and next week, Mr. and Mrs. Carl H. Baumgardner and Mr. and Mrs. Charles E. Rabenstein will be present. The group decided to attend the 10:30 a.m. worship service this Sunday in a body. The young people will meet at the regular time next Sunday, 6:30 p.m. at the church for a devotional period, after which the group will go bowling at Banker's Recreation Center, N. Queen St. Each person is requested to wear proper shoes for bowling. Arrangements are in charge of the president. Forty-four members were in attendance Sunday.

New officers were elected at the meeting of the Luther League of St. John's Lutheran Church, Sunday. Larry Bair is the new president; Kathy Miller, vice president; Joyce Stravig, secretary; Susan Reaver, assistant secretary; Brenda Barnes, treasurer. Thirty-one members were present when the opening devotions included Scripture reading, Shirley Bair; prayer, the Rev. William C. Karns, pastor; brief business in charge of the retiring president, Shirley Leister. Brenda Barnes discussed the topic "Your Personality." Betty Leister was appointed to be leader for the meeting next Sunday at 6 p.m.

A RECORD FAMILY
KINGFISHER, Okla. (AP)—Mr. and Mrs. J. S. Norwood have what may be a record family: 19 children, 50 grandchildren and 50 great-grandchildren. And they know all their names and addresses, too.

Ever combine food and flowers for a delightful dinner-party centerpiece. We like to pile green grapes in a white or silver composte, then tuck white gladioli (just the blossoms) around the edge.

PLAN YOUTH RALLY SUNDAY AT ST. LUKE'S

The Gettysburg Regional Youth Fellowship fall rally will be held on Sunday afternoon at 3 p.m. in St. Luke's United Church of Christ, near White Hall. The speaker for the evening vesper will be the Rev. Clara C. Settle, advisor to youth in the Mercersburg Synod. Miss Settle is pastor of the Carlisle Springs Charge.

During the afternoon program, there will be reaction in the church grove and a business session with election of officers. Each person will take a box luncheon for the evening meal, and the vesper service will follow. The Rev. George Shultz Jr. is the host pastor.

Club Plans Display
The annual garden harvest display and sale will be held at the first fall meeting of the Woman's Community Club of Littlestown and vicinity in the social room of the Eagles Home, W. King St., tomorrow at 8 p.m. "Landscaping" will be the program theme. Miss Malva Dutera heads the program committee, and chairman of the hostess committee is Mrs. Clarence Bechtel. The meeting will be in keeping with the fall season.

Four new members were received in to Girl Scout Troop 56 at the meeting after school on Monday at the engine house. They are: Yvonne Unger, Cindy Harner, Constance Harmon and Suzette Keefe. The group had a brief business session, then played games on the grounds in the rear of the E. King St. school, after which refreshments were served by Mrs. George Rhodes and Mrs. Fred Hartlaub, leaders.

Troop 56 will hold a chicken salad sandwich sale on Saturday morning in charge of the troop committee, Mrs. Clair Reigle, Mrs. Harry Staveland Jr., Mrs. Robert J. Eckenrode and Mrs. William Moon. Orders may be placed in advance. The sandwiches will be sold by the troop members, meeting at 9 a.m. at the home of leader, Mrs. Leonard Kersner, Lumber St.

Feeder Talks
Donald C. Feeser, of the Littlestown High School faculty, was the guest speaker at the meeting of the Christian Endeavor Society of Christ United Church of Christ on Sunday evening. Evelyn L. Koons was leader for the program which follows: Group hymn, "Living for Jesus"; Scripture, Freda Arentz; prayer, Richard Berwager; hymn, "Lead On, O King Eternal"; topic "How to Pray," discussed by Mr. Feeser; hymn, "Now The Day Is Over"; routine business, President Donald L. Wolfe; closing song, "We've A Story to Tell to the Nation." Lord's Prayer and C. E. benediction in unison. President Wolfe will be leader for the meeting next Sunday at 7 p.m.

Presbyterians To Hold Rally Day

Officers and department heads of the Presbyterian Church School completed plans at a meeting in the church school building Sunday evening for Rally and Promotion Day in the school next Sunday. Superintendent Richard E. Bruce presided.

Promotion certificates and attendance awards will be given during a Church School assembly in the church auditorium next Sunday morning at the regular church school hour. The Rev. Robert A. MacAskill, pastor, will speak.

Each department in the school was given \$10 to use on a Christmas project to be chosen at each department level.

GANGPLANK MAY BE CAUSE OF GIRL'S DEATH

NEW YORK (AP)—A gangplank lashed to a ship's side could have been the actual killer of pretty Lynn Kauffman, who died mysteriously at sea near the end of a long voyage from the Orient.

The gangplank came into the picture as Boston police Capt. Joseph B. Fallon, questioning the crew of the Dutch steamer from which the tiny divorcee disappeared, disclosed here that he was still considering suicide a possibility.

The battered body of Mrs. Kauffman, 23, a brilliant student of the Orient and secretary to a professor, was found in Boston harbor Saturday.

She had disappeared from the passenger-cargo ship Utrecht Friday night just after the ship left Boston bound for New York.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO:
New Pastor For St. James: On Sunday morning St. James Lutheran church congregation elected as their pastor Rev. Joseph B. Baker, of Newport, Perry county, at a salary of \$1,500 and parsonage.

Rev. Mr. Baker will succeed Rev. Dr. Jacob A. Clutz, who resigned to accept the chair of Practical Theology in the Theological Seminary. The new minister is well known in Gettysburg. He graduated from college in 1900 and from the Seminary three years later. For the next two years he was pastor of a Lutheran church in North York and then went to Newport where he has been pastor ever since.

The new pastor will have an arduous task on hand as a new church has been found necessary to accommodate the large congregation and Sunday School.

College Boys In Lively Fight:
Saturday afternoon witnessed one of the most interesting athletic events ever held on Nixon Field when the Sophomores and Freshmen met in a tug-of-war and a tie-up, the second year men winning both events. The contests were witnessed by practically all of the students in the institution together with a large number of town people.

The tug-of-war was won by a score of 3 to 0. The largest ten men of each class got on either end of the rope and pulled their best. Both sides were matched and the Sophomores won by a very close margin.

The tie-up was by far the more interesting and exciting of the two events. Every man was given two ropes and at a given signal the two classes advanced, meeting in the center of the field. Immediately there was a wild scramble, each side trying to see how many opponents they could bind hand and foot and carry back of the goal posts. Everyone carried back in that manner counted two points, while only one point was scored if either hands or feet remained unbound.

For fifteen minutes the classes fought and struggled. Most of the men were stripped to the waist and pieces of garments belonging to those who failed to strip were scattered all over the field of battle. There was very little unnecessary roughness, only four men being disqualified for using too vigorous tactics. Finally time was called and the scorers got together. The Sophomores were announced victors by the score of 88 to 21 and the yellow buttons stay on the Freshman caps.

The affair was well managed, a complete corps of police, referees, timers and umpires being on hand and in college circles it was generally declared to be a vast improvement over the old brutal class rush. All other fights are now at an end, according to the rules drawn up last spring and any further inter-class disorder will be discontinued by the upper classes.

Busy Burglars Scared Away:
Burglars were again busy in York Springs early Saturday morning and the town is much exercised over their frequent visitations. Four young men who have been loitering about the village for several weeks are strongly suspected of being implicated in the attempt and the authorities are now after them.

The store of C. W. Gardner and Company was the scene of operations early Saturday morning. Four large bars were saved through and an entrance cut at the back window but before the men could get in they were frightened away by an early riser. They made their visit about three o'clock.

More Gifts For High School:
The High School has received a number of very valuable gifts from their friends recently. The handsome new flag presented by two patriotic orders of this place now floats gracefully from the large flag pole given by Senator Martin some months ago. The piano presented by the Alumni on Labor Day is in constant use.

Today's Talk

REGRET NOTHING
Some people have so many regrets dogging their paths from day to day that they get lost in trying to remember the really good ideas and plans they had intended to use. With so many regrets in the way, even the one with a rich savings in ideas gets discouraged when tied to such an array of regrets.

Regret nothing. Sweep those regrets from your mind. Have nothing to do with them. There is nothing constructive to a load of regrets, no matter how you may feel about the loss of a few things. There are compensations to equalize all losses, but you will need to have courage and plenty of faith to back you up. We must remember that faith comes to us as we unload these regrets—that serve no useful purpose.

Regrets, however, are sometimes useful. They sharpen the will and keep courage alive. They guide us all from danger spots and wrong objectives. To harbor regrets, however, serves no useful purpose. They only clutter the way ahead. We enter low ebb when we allow these regrets to cause us trouble and anxieties. We need clear minds, with all lights ahead, to lead us safely. Regrets lead no one. They only add to a disturbed state of mind. Regrets cannot be recalled! They are relentless. They can only be recalled for interviews. We could live healthier lives, and more abundant ones, if we dismissed all regrets of the moment and kept building for the glory of others, and for their happiness.

Tomorrow Mr. Adams will talk on the subject: "Time, the Great Benefactor"

Just Folks

THE OPTIMIST
I ain't denyin' trouble
Is eternally about,
An' care's no empty bubble;
No one ever lived without
Facin' trials hard to master.
An' bein' up against it, too;
Life's a battle with disaster,
An' its skies ain't always blue,
An' its sun ain't always shinin',
An' its moon ain't always bright;
But its troubles, I'm opinin',
Nearly always come out right.

Leastwise mine have. An' I reckon
I'm the av-rage sort o' chap;
I've seen grim sorrow beckon
An' I've heard the Reaper beck
At my doorway; an' I've stumbled
Sort of helpless on my way,
An' by failure I've been humbled,
An' my feet have gone astray;
I have stayed eyes-wide an' starin'
Through the dreary hours of night
With the troubles I was bearin',
But they mostly came out right.

Time, I find, has reconciled me
To the sorrows I have known,
An' the cares with which Fate piled me
One by one have from me flown.
Why the trouble I was fearin'
When my skies were grim an' gray,
Sort of vanished with my nearin';
Anyhow it didn't stay.
Oh, I ain't denyin' trouble
Is a real thing. If you'll fight,
Grit your teeth an' bravely double
Up your fists, you'll come out right.

And more gifts are being received by the various departments of this institution.

Miss Annie Horner has presented the Art Department with a number of plaster pieces. Senator Martin has secured from a Philadelphia museum a case of interesting subjects to add to the High School museum recently established.

One of the new features recently adopted by the Board of Directors for this year's work is a monthly report which will be made out by the teachers and signed by them and then sent home with the pupil for inspection by the parent. The book signed by the parent will then be returned to the teacher, showing both teacher's and parents' approval of the work done by the scholars. Should any parents fail to receive these reports they should let the teacher know at once.

GOP SENATORS WIELD AX ON PENNA. BUDGET

HARRISBURG (AP) — Senate Republicans early today wielded a 58-million-dollar tax on Gov. Lawrence's proposed \$1,870,000,000 budget for 1959-61.

The GOP-controlled Senate Appropriations Committee will meet Wednesday to formalize the cuts. Democrats were expected to oppose them as too extensive. Their budget-reducing figure was 19 million dollars.

Sen. James S. Berger, GOP floor leader, said Democratic and Republican floor leaders of both the House and the Senate would meet during the day to discuss the budget revisions.

Five Hour Caucus
"If we can reach an agreement (with the Democrats) even before the bill is placed before the Senate, so much the better," he told a news conference.

Senate Republicans broke up a 5½ hour party caucus after midnight in reaching the budget-slashing figure. Berger held a news conference immediately and announced:

"With these cuts, the budget will be, within very narrow limits, balanced."

Cut For D.P.I.
He said the spending request of the Public Instruction Department was reduced by 17 million dollars—the largest cut in the Lawrence budget.

Other GOP-approved slashes included 1½ million dollars in the 10-million-dollar industrial development program, all of the \$7,800,000 asked for Philadelphia General Hospital and other health services in Philadelphia and more than 5 million dollars in the 10 millions requested for slum clearance.

Berger declined to specify other revisions pending completion of amendments to the House-passed appropriation bills.

Stocks Levy Out

He said the Senate would go ahead with plans to pass \$18,200,000 in tax bills proposed by Lawrence. They would extend to gas firms the 14-mill tax on gross receipts of public utilities and double the 4-mill tax on bank shares.

But Berger and Sen. M. Harvey Taylor, Senate president pro tempore, emphasized there was no chance for passage of a proposed 6-mill tax on ownership of stocks and bonds.

Lawrence asked for this levy to raise 55 million dollars. Senate Republicans say the budget cuts negate the need for this tax.

To Be "Watered Down"

Other legislative developments: General State Authority — The House received an administration plan to increase the borrowing capacity of the General State Authority to finance nearly 106 million dollars in state construction projects.

Rep. Stephen McCann, Democratic floor leader, said he would push for a final vote next week. Highway Safety—Lawrence announced he would veto a Senate Measure to introduce the point system for penalizing traffic violators if it remains in its present form.

He said the measure would "water down" the present system. Without mentioning it specifically, he apparently referred to a section that would allow issuance of restricted licenses to violators who need their driving privileges in their jobs. At present, this is generally prohibited.

Delay Adjournment

The point system calls for suspension of driving privileges after an accumulation of offenses—each offense carrying a certain number of points.

Mass Transit — The Senate approved, 29-21, a plan which sponsors claim would solve Allegheny County's transit problems.

It would give the Allegheny County Port Authority two years to work out a plan for taking over the Pittsburgh Railways Co. and more than 30 other bus firms in the county.

Legislative Recess—An October adjournment of the Legislature received another blow when House leaders announced the lawmakers would not meet here the week of Oct. 5.

A convention by the Northeastern Poultry Producers Council that week has cut into the supply of available hotel rooms. There was speculation that the Legislature would be fortunate indeed if it were to adjourn by the end of October.

Uncle Sam's Mint Finds Money In Money-making

By FRANK CORMIER
WASHINGTON (AP) — The Bureau of the Mint is making money on its money-making operations.

You could do the same if you could legally manufacture 100 pennies for 27 cents or a dollar's worth of nickels for just 12 cents.

That's the kind of profit the mints are making on the production of pennies, nickels, dimes, quarters and half dollars.

Margin Of Profit

The mint made available to a reporter a study which showed that it makes a profit of 73 cents on every 100 pennies. Manufacture costs come to 8 cents and the metal used in the pennies costs 19 cents. The rest is profit.

On five-cent pieces, it takes only 9 cents worth of metal to make a dollar's worth. Manufacturing costs total 3 cents.

The mint business is so profitable that some officials would like Congress to stop making an annual appropriation for the bureau. The money isn't needed, Congress insists on making a token appropriation, however, on the theory this gives the legislators more control over the agency.

In the 1957 fiscal year, the latest for which tabulations are available, the mint had a total income of nearly 94 million dollars. About half of it was clear profit which was turned over to the Treasury's general fund.

All this was done on an appropriation of \$3,650,000.

LABOR CHIEFS REACH ACCORD ON DISPUTES

By NORMAN WALKER
SAN FRANCISCO (AP) — The biggest labor union story in years is developing today—and it has nothing to do with the California stopovers of visiting Soviet Premier Nikita Khrushchev.

It is an historic agreement between the top leaders of the biennial AFL-CIO convention to submit disputes between rival unions of whatever character to arbitration, putting conflict up to the decision of an outside neutral.

The pact, worked out by federation leaders, demonstrates a new solidarity among labor chiefs in the face of what they view as a mounting businessmen's battle to weaken or exterminate labor organizations.

Special Convention
So convinced are the AFL-CIO leaders that they have found the solution to burying their conflicts and solidifying labor forces, they plan to hold a special convention next year to implement the peace plan.

A convention next year could have political implications. Normally the next AFL-CIO convention would be held in 1961.

A closed meeting of the AFL-CIO Executive Council Monday night ratified in the record time of 20 minutes a plan to solve inter-union strife that has plagued rival organizations for years and drained them of financial resources. There was no discussion.

Basically, the plan requires unions involved in any sort of dispute with a rival—over job right jurisdiction, raids between union boycotts of rival union products, or even organizing ethics—to let an outside neutral judge as to which one is right.

Each dispute would be decided on its own merits, without setting a precedent.

EXPECT IKE TO BEAR DOWN ON '60 CONGRESS

By JACK BELL
WASHINGTON (AP) — President Eisenhower expects to ask an election year Congress to balance the budget, halt indirect financing, lift bond interest ceiling ceilings and overhaul the tax laws.

Outlining this course, Senate Republican Leader Everett M. Dirksen of Illinois made it clear he expects Eisenhower to bear down again in 1960 against what the administration calls unnecessary spending. Dirksen summarized his views for publication in the Congressional Record.

On the Democratic side, Senate Majority Leader Lyndon B. Johnson of Texas said his party will not play politics to the point where its actions would paralyze the divided government. But he made it clear the Democrats will battle what he called the Republican "forces of inertia."

"We cannot agree with the President's view that it is sound to build dams and reclamation projects in other countries but not build them in our own," Johnson told a Democratic rally at Galveston, Tex., Monday night.

Of about a dozen major problems listed by Dirksen for consideration by Congress when it reconvenes in January, nearly half involved financial matters.

The Senate minority leader said action is needed in the fields of general farm legislation, civil rights, education, self-employment, retirement, depressed areas and extension of the wage-hour law to cover additional workers.

McElroy Says He Plans To Resign

ANCHORAGE, Alaska (AP) — Secretary of Defense Neil H. McElroy, off on a 28-day tour of U.S. installations in the Far East, says he may resign by the end of the year.

In a planeside interview during a brief stop here Monday, McElroy told newsmen he feels he can't quit until he has submitted his department's budget for the next fiscal year. He added that it might be possible for him to step down in December, barring a national emergency.

ADOPT PLAN TO WORK 7, IDLE 7

DALLAS, Tex. (AP) — Skilled aircraft workers at Chance Vought's plant have accepted a company proposal to work seven days and lay off seven days.

The 250 workers voted approval to the "share the layoff" Monday. Each will take at least a week's unpaid vacation during the next five weeks so some men, with little seniority, will not bear the whole burden of the scheduled layoff.

Oil was discovered in southeastern New Mexico in 1927. Lea County, in this area, today produces crude oil worth over 200 million dollars a year.

U. S. GAS TAX RISES OCT 1.

WASHINGTON (AP) — Starting Oct. 1, the federal gasoline tax goes up one cent, from three to four cents a gallon. It will help pay for the 41,000-mile interstate highway program.

President Eisenhower signed the bill Monday, but said it did not meet his objective of keeping the highway program on a pay-as-you-go basis.

Eisenhower said he signed it "in order to avoid a serious disruption of the highway program with its attendant adverse effects on state finances, highway contractors and workers and the economy generally."

The increase is expected to bring in a billion dollars from the nation's motorists before its scheduled expiration July 1, 1961. At that time the gas tax is to revert back to three cents a gallon.

FIRE POLARIS SUCCESSFULLY

CAPE CANAVERAL, Fla. (AP) — Another successful firing of a Polaris missile has moved the United States nearer its goal of nuclear firepower for submarines.

Monday's launching came shortly after Soviet Premier Nikita Khrushchev said in San Francisco that the Soviet Union is scrapping most of its cruisers in favor of submarines and torpedo boats.

Some of the submarines being built presumably are atomic-powered craft capable of firing ballistic missiles. U.S. officials believe the Soviets are building about 12 atomic subs. But most feel they are behind this country in the development of submarine-launched ballistic missiles.

The United States has nine nuclear subs under construction. Each will carry 16 nuclear-tipped Polaris missiles, probably by late next year. The Polaris will have a range of 1,200 miles.

SHE DOFFS HER CLOTHES FOR CAMERA; IT'S NO STRIP TEASE

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — The film industry may be loosening its moral code, but it will still brook no bumps and grinds, thank you.

No, sir, the gyrations of strippers still find no place in the Hollywood film art. I discovered that while doing some academic research on a dance performed by Joan Collins in "Seven Thieves." She plays a take-it-off girl, and her coach is Candy Barr, the accomplished and sometimes law-pursued dancer now appearing, aptly, on the Sunset Strip.

Miss Collins was about to go into her number when I asked her about the aesthetics of her coaching.

More Constrained
"It has been very interesting—informative, too," the English actress remarked. "For instance, Candy asked me how I take her I just pushed them off the shoulder, one by one."

"Wrong," she said. She showed me how to do them like this." Description: shoulders bunched, arms come forward, thumbs disengaged straps in one swift motion.

Miss Collins added that she is considerably more constrained in her interpretation than is Miss Barr. In fact, the movie censors decreed that her dance cannot be referred to as a strip tease. The fact that she doffs her clothes is incidental.

Nor can she perform any bumps or grinds. But she said Miss Barr doesn't, either.

Not Used Any More
"She's a dancer and a good one," Miss Collins said. "Her act is so good she could work in Las Vegas or any place fully clothed. She does it without clothes merely to suit the current public taste. 'Bumps and grinds are old hat. Vulgar, too. Most of the strippers don't do them any more. They're modern dancers.'"

Miss Collins admitted that she was not an appreciator of the peeling act, but she conceded that this might be strictly a feminine viewpoint.

At any rate, Miss Collins is happy to be working after a year of idleness.

CHISOX CAN CLINCH FLAG THIS EVENING

By ED WILKS
Associated Press Sports Writer

This is it. The Chicago White Sox are at Cleveland tonight for one last game with the Indians, already living on borrowed time. One last game for the American League pennant.

Sure, the White Sox have a 3 1/2-game lead with three games remaining after tonight. But this is one that can do it, the one that can put an end to those 40 fruitless years since their last pennant.

A victory at Cleveland clinches it for the White Sox. A loss leaves them hanging. Then they'll have to win two of the last three games—all at Detroit against the Tigers, who took two of three at Chicago last weekend—to be safe.

Wynn To Pitch

They could lose tonight and still make it, of course. They can do it by winning just one of their last three should Cleveland drop one of its remaining four—all with Kansas City. And they can do it by not winning any—if the Indians drop two to the A's.

But who's to say the Indians will lose any if they put this one away tonight?

It's one game for the pennant. And Chicago's pitching job goes to Early Wynn, the Old Man who's been getting the job done all season, winning 20 and losing but 10.

Gordon Picks Perry

Joe Gordon, the Indians' lame duck manager who could become a living martyr if they pull out the flag, has set up youngster Jim Perry (12-9) for this one. Gordon, who resigned after a season, was replaced by General Manager Frank Lane, who shuffled his rotation a bit to bring the right-handed rookie against the White Sox with three days rest.

The White Sox have won 14 of 21 with Cleveland this season. And they're 8-2 at Cleveland, where they hung the Indians up to dry by sweeping a four-game series last month.

Pitching has been the White Sox's answer for Cleveland's power. When the pitching slipped, the Indians shook loose from the noose, winning a three-game set at Chicago 2-1 two weeks ago.

FISTS FLY AS BRAVES BEAT PIRATES 8-6

PITTSBURGH (AP)—Fists flew and bitter words were exchanged last night when the Milwaukee Braves moved into a tie for the National League lead by beating Pittsburgh, 8-6.

It all started after a grounder hopped over the head of Felix Mantilla, Milwaukee shortstop, for a base hit in the fourth inning. Dick Stuart, who was on first at the time, ran into Mantilla as he rounded second.

The two men started jawing away while Manager Danny Murtagh of the Pirates ran out to claim interference. Soon they were swinging.

"I was in his way but I couldn't help it," Mantilla explained later. "He said 'The next time I'll run you over.' So I threw one. The next thing I knew we were scuffling."

Loses Sweat Shirt

Mantilla was inclined to shrug off as "one of those things." Stuart gave his version of the altercation.

"I couldn't put on the brakes and I bumped into him. We exchanged a few words and then started trading punches. He didn't hit me and I don't think I hit him. Anyway, I lost a sweat shirt in the scuffle."

A few seconds after the other players had broken up the fight, it broke out all over again. This time Coach Sam Narmon of the Pirates was escorted to the bullpen by his mates.

After the battle was over, Pittsburgh came through with a base hit that tied the score 3-3 in the fourth inning.

IDAHO FALLS, Idaho (AP)—This guy apparently just needed a few dollars to carry him over. He held up the Lowell Bybee grocery store last Thursday night and got away with \$280. Monday Bybee got back \$264 in the mail. The unsigned letter was postmarked Idaho Falls.

AHL SCHEDULE IS RELEASED

NEW YORK (AP)—The American Hockey League's expanded 252-game schedule was released today showing Quebec City, the circuit's newest entry, opening the 1959-60 season at home against Providence on Tuesday, Oct. 6.

Hershey, the defending Calder Cup titleholder, meets the Cleveland Barons in its first home game on Oct. 7. Springfield and Providence play their first home games Oct. 9 with the Indians meeting Cleveland and the Reds facing the Buffalo Bisons. Other home opener are Hershey at Buffalo and Quebec at Rochester Oct. 11 and Springfield at Cleveland Oct. 23.

Each team is scheduled for 72 games. The clubs played 70 games apiece last year when the AHL had only six teams.

Quebec is the first Canadian city to be represented in the league.

N. O. SHOOTERS FINISH THIRD

The York County Trapshooting Association closed a successful season with their sixteenth shoot Sunday at the Springfield Farmers' and Sportsmen's Association grounds. The league-leading Fawn Grove increased their winning margin by easily defeating the seven other clubs in the circuit.

Fawn put together a 241 score to edge their closest competitor, Red Lion, by a five-bird margin. Red Lion was one bird ahead of New Oxford, who had 235. Following were Glen Rock with 231, Izaak Walton 218, Springfield 217, Hanover 216 and Stewartstown 214.

The outstanding performance of the day was turned in by 15-year-old John Wildasin of New Oxford, who won the special junior event with a 24x25, and then added a perfect 25 in his second round to tie three others for high gun in the regular event. Sharing the winner's circle with Wildasin were Millard Shoff of Hanover, G. L. Seipp, New Oxford, and Vernon Klair, Fawn Grove.

The Class A trophy was awarded to Wildasin, another trophy winners were: Richard Smith, John Mani-ford, Elmer Fisher, Russell Gemmill, Luther Hoffman, Spencer Shaeffer and Jack Anderson.

Fawn Grove's winning total was 3763, while Red Lion placed second with 3717, and New Oxford was third with 3703. Other clubs and their points are Glen Rock 3689, Izaak Walton 3599, Hanover 3508, Stewartstown 3578, and Springfield 3043.

CONLEY SIGNS 2 CONTRACTS

By BOB HOOBING
Associated Press Sports Writer

BOSTON (AP)—Towering Gene Conley, who figured he was on his way out as a major league pitcher a year ago, today holds signed baseball and basketball contracts calling for pay hikes.

"It's wonderful to be wanted," the 6-foot-8 right-hander said yesterday.

He had just come to terms with Philadelphia Phillies General Manager John Quinn and Walter Brown, owner of the defending National Basketball Assn. champion Boston Celtics within the span of a few hours.

Plagued by injury as a Milwaukee Braves hurler in the 1958 season, Conley spent the last two months in the bullpen and finished with an 0-6 record. Gene thought he was better than his statistics but was sure the Braves front office didn't agree.

As the No. 1 relief man for star Celtics center Bill Russell last season, Conley hauled in 276 rebounds during the regular schedule plus 73 in the playoffs. He also showed steady improvement on defense.

Though Conley's salary was not announced by either team it is known to have been increased in each case.

ADVERTISE IN THE TIMES

BIGLER SCRUBS DRUB HANOVER FOR 29-0 WIN

Biglerville High School's junior varsity football team opened its schedule by routing Hanover 29-0 Monday afternoon on the Cannons' field.

The Cannons scored in the first period after recovering a fumble on the Hawks' 30. Eight plays later John Stevenson swept left end from the 3. Perry Mickey booted the first of three straight extra points.

In the second period Biglerville scored twice. A poor punt by Hanover gave Biglerville possession on the Hanover 23. It took five plays to score, Stevenson sweeping end from the 12. The second touchdown was a 25-yard aerial from Donald Wright to Wilson Harmon.

Biglerville drove 72 yards for a score in the third quarter. Wright crashing over from the 2 on a quarterback sneak. Mickey's placement for the point was wide.

On the last play of the game Biglerville chalked up a safety when Greg Rupp, Hanover quarterback, was trapped in the end zone.

Biglerville piled up 14 first downs to its opponent's 2. The Cannons were brilliant on passing. Wright completing nine of 11 tries. Hanover missed on all four aerials.

The lineups:

Biglerville
Ends — Boyer, Geiger, Kane. Tackles — Graham, Mickey. Guards — Barbour, May. Center — Hess. Backs — Wright, Harmon, Fair, Stevenson, Martin.

Hanover
Ends — Krebs, Grove, Reck, Rhodes, Warner, Troyer. Tackles — Sadler, Morrison, Shriner, Rineham. Guards — Geter, Cramer. Center — Zimmermann. Backs — Rupp, Colehouse, Yost, Mummert, Brognard, Smith, Hart, Sidenstricker, Topper.

Score by periods:
Biglerville 7 14 6 2-29
Hanover 0 0 0 0-0
Touchdowns — Stevenson 2, Harmon, Wright. PAT — Mickey, 3. placements. Safety — Biglerville.

SIGNAL CALLER FOR MARYLAND STARS IN WIN

Associated Press Sports Writer

Soph quarterback Dick Novak looks like the man Maryland Coach Tom Nugent had in mind when he said his intricate "I" formation offense would "convince 'em or confuse 'em."

The 5-foot-10, 158-pounder from Uniontown, Pa., did both to West Virginia last Saturday as Maryland's sagging football fortunes took a sudden turn for the better in a 27-7 victory over the favored Mountaineers.

Novak and the Terps get another chance to prove it was no fluke this Saturday against Texas in Dallas.

After being named No. 1 quarterback only five days previous, Novak threw touchdown passes of 6, 13, and 40 yards, scored once and engineered the Terps aerial game for most of its 232 yards.

Harvard lost first string tackle Bob Pillsbury for its Saturday opener against Massachusetts. West Virginia Coach Art Lewis made five changes in his first string, with Carmen Pomponio taking over at quarterback for Danny Williams.

Phil Lavoie and Bob Farmer are top candidates to take over for injured South Carolina fullback John Saunders while Notre Dame quarterback George Izo returned to action after being out for two weeks with a twisted knee.

Southern Cal tackle Dan Ficca is a doubtful starter for Friday night's game against Pitt while USC's McKeever twins, Mike and Marlin, are nursing banged up ankles.

Mathews is Heavy Gun in Braves' Surge

By ED WILKS
Associated Press Sports Writer

Warren Spahn has won 20 again and Milwaukee has barreled into a tie for the National League lead. But don't kid yourself. The Braves' big guy is Ed Mathews.

It was Mathews, belting five home runs in four games for a share of the major league lead with 43, who got the job done. The left-handed slugger drove in five runs Monday night with a pair of homers for an 8-6 decision over the Pirates at Pittsburgh that made Warren The Wonder a 20-game winner for the 10th time in a 15-year career.

The Braves, winning three in a row and 12 of their last 15, jumped into a tie with Los Angeles for a one-game edge over the San Francisco Giants. Each of the contenders has five games to play.

Pizarro Vs. Haddix

The Braves are at Pittsburgh again tonight with lefty Juan Pizarro facing Harvey Haddix, the slim southpaw who pitched 12 perfect innings against Milwaukee last May only to lose.

The Dodgers open a two-game series at St. Louis tonight with either Sandy Koufax or Danny McDevitt, both left-handers, going against the Cards' Larry Jackson, a right-hander who blanked Los Angeles on two hits the last time they met.

The Giants start a two-game set at Chicago this afternoon with right-hander Jack Sanford going against the Cubs' Art Ceccarelli, a lefty.

Cubs Beat Cards

The Cubs clobbered St. Louis 12-3 Monday night in the only other game scheduled in the NL. Mathews tied the Cubs' Ernie Banks, who hit his 43rd at St. Louis, for the home run lead with a two-run shot in the ninth off Bennie Daniels, the Cubs' fourth pitcher. But Spahn, 3-0 against the Pirates, suddenly was in trouble and the Cubs had three runs in before reliever Don McMahon fanned Don Hoak, to end it.

ALSTON CITES TEAM EFFORT

SAN FRANCISCO (AP)—Take a look at the National League leading Los Angeles Dodgers. There's Gil Hodges at first, Charlie Neal at second, and Duke Snider in center.

And most of the other faces familiar in Dodger livery, including the pitchers.

How then, Walt Alston, has the club climbed from its seventh-place finish in 1958 to a spot at the top?

Team Effort

"It's not one thing," replies the Dodger manager. "It's a team effort. Wally Moon has been a great help. Snider had that bad knee last year and Hodges had a relatively bad year for Hodges. Jim Gilliam at third is better than a year ago."

"Remember, in 1957 our pitching staff rated among the best. Then last year, with the same men, the earned-run averages were near the bottom. This year everybody bounced back."

"Everybody has played a part at one time or another. Different guys are hot at different times."

Shortstop Maury Wills, a 26-year-old called up from Spokane in July, has hit safely 23 times in 42 times at bat, a .545 clip.

Last year Snider knocked in 56 runs. So far he's collected 86 this campaign.

Some Unsullied

Unsullied by the scandal were such glittering stars as Eddie Collins, the peerless second baseman; Ray (Cracker) Schalk, the Hall of Fame catcher; John (Shano) Collins, the steady and dependable right fielder; Red Faber and Dickie Kerr, the little pitcher who turned in two of Chicago's three victories.

Although the whole crooked story did not burst upon the public until September, 1920, the seeds of suspicion were sown in the first game which the Reds, a 4 to 1 underdog, won 9-1. Cicot was the losing hurler.

Cincinnati won the second game, 4-2, although Williams held the Reds to four hits while the White Sox made 10. But Williams, the control expert who had walked only 58 in 297 innings during the regular season, issued six passes. Three came in the fourth inning when Cincinnati got three of its runs.

11-Month Probe

Kerr won the third game, shutting out the Reds, 3-0. The Reds won the next two but Kerr came back to take the sixth game and a wonder of wonders, Cicotte won the seventh and it was 4-3 in Games. Chicago manager Kid Gleason started Williams in the eighth game and he was batted out early. The series was all over. All over, that is, except for the 11-month investigation which even then was going on.

(Wednesday's story tells how the fix was made, who was implicated how the players failed to receive amount promised for throwing the games and the gamblers behind the fix.)

CUBS, GIANTS IN FIERCE FEUD

CHICAGO (AP)—A growing feud between the Chicago Cubs and the San Francisco Giants could come to a head today when these two clubs open an important two-game series.

The staggering Giants, still hoping to win the National League pennant, must defeat the Cubs twice to keep their hopes alive.

And if there is one team the Cubs would like to eliminate from the three-team race also involving Los Angeles and Milwaukee, it would have to be San Francisco.

Early in the season when the Cubs had great expectations, Ernie Banks, the slugging shortstop, was spiked at second base in a play at San Francisco.

Cubs Never Forgot

Some of Chicago's bitterness were off when Banks, expected to be sidelined for several days, returned to action the next day after he had part of his shoe cut away to relieve the pain from his foot.

The Cubs never forgot the incident and things didn't improve when the two teams were involved in a four-game series in Chicago last month. On Aug. 15, Giant pitcher Jack Sanford hit Banks in the back with a pitch.

Banks later accused Sanford of deliberately throwing at him.

"Not so," said Sanford.

Sanford (15-12) will be on the mound today. The Cubs will use southpaw Art Ceccarelli (5-5).

RECALL GREAT SOX SWINDLE ON '19 SERIES

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP)—The Chicago White Sox, through the year, have had an abundance of excitement and drama, if not much success. But nothing equalled the glory and then the shame of the team that forever has become known as the infamous Black Sox.

The name was hung on the 1919 Chicago team because of the World Series scandal that fall. At the time it was called "the most gigantic sports swindle in the history of America."

The series, played between the White Sox and the champion Cincinnati Reds of the National League, resulted in the expulsion of eight members of the White Sox.

This sordid chapter, the only such ever written into the annals of the national pastime, has been re-told and re-written countless times but even today there are still wide gaps in it. Probably the entire truth never will be known.

Epitaphs For Ten

To begin at the end, the Reds defeated the White Sox in the 1919 World Series, five games to three. It was a best of nine series then.

The finger of guilt wrote the epitaphs of seven White Sox stars and one White Sox substitute. It also led to the banning of three other players — Hal Chase and Bennie Kauff of the Giants and Joe Gedeon of the Browns — for having knowledge of the fix and failing to report it.

The eight Black Soxers were Joe Jackson, perhaps the most natural hitter of all time; Eddie Cicotte, master of the "shine ball" and second only to Walter Johnson among American League right-handers; Buck Weaver, brilliant third baseman and excellent hitter; Swede Risberg, rangy shortstop; Chick Gandil, flashy fielding first baseman; Oscar (Happy) Felsch, graceful outfielder and timely hitter; Claude Williams, one of the league's top southpaw, and Fred McMullen, utility infielder.

Some Unsullied

Unsullied by the scandal were such glittering stars as Eddie Collins, the peerless second baseman; Ray (Cracker) Schalk, the Hall of Fame catcher; John (Shano) Collins, the steady and dependable right fielder; Red Faber and Dickie Kerr, the little pitcher who turned in two of Chicago's three victories.

Although the whole crooked story did not burst upon the public until September, 1920, the seeds of suspicion were sown in the first game which the Reds, a 4 to 1 underdog, won 9-1. Cicot was the losing hurler.

Cincinnati won the second game, 4-2, although Williams held the Reds to four hits while the White Sox made 10. But Williams, the control expert who had walked only 58 in 297 innings during the regular season, issued six passes. Three came in the fourth inning when Cincinnati got three of its runs.

11-Month Probe

Kerr won the third game, shutting out the Reds, 3-0. The Reds won the next two but Kerr came back to take the sixth game and a wonder of wonders, Cicotte won the seventh and it was 4-3 in Games. Chicago manager Kid Gleason started Williams in the eighth game and he was batted out early. The series was all over. All over, that is, except for the 11-month investigation which even then was going on.

(Wednesday's story tells how the fix was made, who was implicated how the players failed to receive amount promised for throwing the games and the gamblers behind the fix.)

CUBS, GIANTS IN FIERCE FEUD

CHICAGO (AP)—A growing feud between the Chicago Cubs and the San Francisco Giants could come to a head today when these two clubs open an important two-game series.

The staggering Giants, still hoping to win the National League pennant, must defeat the Cubs twice to keep their hopes alive.

The real question is: to be careful or to be more careful.

If you are the sort of person who takes a look at a new car in the nearest showroom, and buys it, or who takes the first car a salesman offers, don't condemn yourself for being a easy touch. You may be better off than the fellow who makes buying a real science. He can get terribly confused.

He reads all the reports on various makes. He can tell you which car has the highest rating for performance, which one has the highest resale value, which is the most economical in its price class. He shops the entire market. Salesmen haven't a chance. You'd think he would quickly discover what car is just right for him and live happily ever after. But it doesn't work out that way. Almost immediately he starts worrying about design trends. He may look at a car he likes and wonder if a year from now he will think it is old-fashioned, or too extreme.

Half the fun in buying a car is in getting so excited about some particular job that you can't resist buying it. Never mind what some experts may say about it. Maybe they are prejudiced. Some people have been known to take months buying a car and then end up with something that fails to give them what really counts in ownership — the pleasure of having something they really enjoyed buying.

Shallow Oil Pans

Take a look at the oil pan of the engine some time and note if it is shallow. If so, don't be surprised if the hydraulic valve lifters are noisy when you drive.

with the crankcase oil level below the "Full" mark. One of the new cars features a deep pan which allows less change in oil level as the car accelerates suddenly, goes around long curves or stops abruptly. Shallow oil pans not only may starve the oil pump momentarily but may also cause too high oil level, depending on which way the oil is splashing. A too high oil level causes foaming of the oil, a condition that is quite undesirable with hydraulic valve lifters.

It is more important than ever before to have exact information regarding the care and feeding of your particular make and year car. One company, for instance, will recommend changing the oil filter every 4,000 miles while another will recommend a change at 15,000 miles. It is not merely a difference of opinion among the experts but usually a difference in the equipment itself. One company says it is not necessary to check the front wheel bearings on its latest models except when the wheels are removed for some other work such as relining the brakes.

Mechanic Joe Speaking:

"One type of cooling system leak that is apt to fool us is escape of water around the point where the top radiator hose connects with the radiator inlet. Water will be forced out here in small but continuous amounts while the engine is operating, but when it is idle no leakage will be apparent. This also means that there will be no evidence of leakage on the garage floor.

"But the water level will drop just enough to bring on overheating specially if the engine is inclined that way or is handicapped by some other faults."

A. The steering gear housing should be full.

Q. Recently the brakes have become a bit noisy, and I also notice that the car sort of dives at times when I am slowing down. A minor adjustment doesn't seem to have helped the situation. F. B. W.

A. Sometimes this sort of thing is due to loose front wheel bearings.

Q. I am told that I can use lower octane gasoline without ping and without retarding the ignition timing? How is this possible? L. V.

A. This can be done on some engines by changing the weight springs in the distributor. But I would not recommend it.

Q. Does windshield washer solvent do any damage to the car's finish? W. M.

A. It is especially apt to damage acrylic finish. If using the washers just as rain starts or during a rain storm it is then washed off automatically. Without benefit of rain, however, wash the wiper fluid off the finish with cold water.

Q. Which is faster on the get-away, a car with an automatic cars of the same weight, passenger load and engine power they should do about the same on the initial take off since with either it is possible to apply so much power that the real wheel can be spun, transmission or one with a conventional drive? T. N.

A. Assuming we are comparing But the car with the automatic transmission will gain as it goes through its gears.

Q. Why would a piece of replacement safety glass be so much lighter than the old one? S. McN.

A. The laminated glass which you are replacing is heavier than the tempered glass you have bought.

Q. Checking over the wheel bearings I was surprised to find that the lubricant had become dry and flaky. It was the right kind

of lube for the job. We packed plenty of it into the bearings too. K. R. D.

A. That's the trouble. You over-filled the hubs.

Q. I can't use the parking brake on my car because the cable is binding in the conduit on account of rust. It is going to be a real job removing it. What would you do? E. N. McD.

A. You could drill a few holes in the conduit and try some liquid solvent or penetrating oil. That might free up the cable.

Q. What material is used for spark plug points? S. C.

A. One of the most popular plugs uses platinum electrodes.

MURDER TRIAL IS POSTPONED

PHILADELPHIA (AP) — The trial of John J. Coyle, accused of killing a policeman, again has been postponed, this time until Friday.

The reason for the delay is the continued illness of his lawyer, Mary Alice Duffy. She is in Misericordia Hospital suffering from laryngitis.

Last Wednesday Judge David L. Ullman authorized the first delay.

In granting another postponement today, Judge Ullman said that he had no wish to impose physical hardship on counsel, especially as the trial likely would be a long one. He requested a statement on Miss Duffy's condition from Dr. Russell Brennan, chief specialist in throat diseases at Misericordia.

Asks State Aid

Miss Duffy's sister, Sarah, appeared in court to report to the judge on the attorney's condition.

Meanwhile, the 24-year-old Coyle submitted an affidavit saying that he is a pauper, with no hope of getting any money, and asking the state to pay for his defense.

Coyle is charged with the murder of Policeman James Kane in North Philadelphia June 5.

He and his brother, William, fled and nearly two weeks later were

PRESSURE TO BE ON JOHNSON IN JANUARY

By JACK BELL

WASHINGTON (AP) — Senate Democratic Leader Lyndon B. Johnson of Texas has some political due-bills maturing in January which could make the next session one of Congress' liveliest.

Johnson will be under pressure from the Senate's liberal Democrats to wangle passage of legislation to which they can point as progressive when the party delegates sit down to write their presidential campaign platform.

The majority leader, who likes to keep to the middle of the road, has some informal commitments which may bring before the Senate such controversial subjects as civil rights, housing, farm, minimum wage and school construction.

Johnson himself has proposed a program of 100 million dollars a year of government insurance of loans to college students.

Faces Opposition

Faced with a string of presidential vetoes, Johnson was forced to narrow the scope of what the Democrats regard as progressive legislation in the session which ended this month.

There is every sign he will face the same kind of White House opposition in the new session beginning in January. Johnson's attitude is likely to be the same as in the past — that it is better to create laws than to create issues.

Whether this course will be politically beneficial to the Democratic leader remains to be seen. When vetoes came despite his efforts to trim bills to avoid them, Johnson lost some political face.

Kennedy's Problem

On the other hand, he may have strengthened his appeal to the moderate wing of his party which will have a great deal to say about which aspirant is chosen as the 1960 Democratic presidential nominee.

Sen. John F. Kennedy (D-Mass) would like to enhance his bid for the nomination by obtaining passage of a minimum wage increase on top of his participation in the adoption of a labor control bill.

There will be a lot of opposition to raising the wage minimum, some of it from Southern Democrats.

Other Stakes

Sen. Hubert H. Humphrey (D-Minn), who scattered his shots widely in the last session, wants a general farm bill passed which will give him an appeal to the rural areas of the Midwest. He must depend on them primarily

trapped by Massachusetts police. William was killed and John captured in a gun fight with the police.

May Hike Rate On FHA-Insured Loans

WASHINGTON (AP) — An increase in the maximum interest rate on FHA-insured loans is under consideration.

A ½ per cent boost, to 5½ per cent, may be announced this week by the Federal Housing Administration. Some officials said smaller increase, to 5½ per cent, also is being considered, but they indicated the higher figure is more likely if a change is made.

Congress this year authorized an increase to 5½ per cent in the maximum interest on GI loans — those guaranteed by the Veterans Administration. The ceiling rate for FHA loans has normally been kept higher than that for GI loans.

for nomination support.

Sen. Stuart Symington (D-Mo) also has a stake in a new farm bill. He is expected to continue the drumfire of criticism he has directed at the Eisenhower administration for its defense and space policies.

SENECAS BEING FORCED OUT BY DAM PROJECT

By JOHN KOENIG JR.

WASHINGTON (AP) — Recent congressional action in spurring construction of the proposed Kinzua, Pa., dam was deplored Monday by the president of the Seneca Indian nation.

And he extended the possibility that some of the Senecas may have to be removed forcibly from their lands in order to make way for the large reservoir which will extend some miles into New York state.

"The recent action of congress has brought much sadness to the Senecas," said George D. Heron. "We must now leave our lands which we and our ancestors have cherished through all these years."

Like Acadians

"There will be many who will have to be removed forcibly much as the Acadians were moved from their lands many years ago. It is ironical that in the Twentieth Century here in America that such a deed should again occur."

Heron, 39-year-old Seneca president, expressed his ideas in a letter to the Associated Press. The Senecas exhausted every

legal means possible to block construction of the dam on the upper Allegheny River. Some 9,000 acres of their 30,000 acre tract — obtained under a treaty signed by President George Washington in 1794 — will be inundated by the reservoir the river will form with construction of the 113 million dollar dam.

Suited For Bridges

Due to Congress' overriding of President Eisenhower's veto of the Omnibus Public Works Bill, more than 2½ million dollars is now available to pursue the project.

In his letter, Heron said he has hopes that in the future Congress will create a civilian agency to replace the Corps of Engineers.

"The problems of flood control and water conservation should be left to more learned men," he said. "The Army Engineers, of course, would retain the job of constructing pontoon bridges — a job to which they are more suitably adapted."

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Khrushchev Declares "Our Positions Are Irreconcilable"

By NORMAN WALKER
SAN FRANCISCO (AP)—Nikita Khrushchev kept his peculiar brand of belligerent diplomacy going full blast at a tumultuous dinner session with a group of American labor leaders Sunday night.

The Soviet premier, according to the union chiefs, blew up on at least a half-dozen occasions and wound up conceding: "Our positions are irreconcilable."

Walter Reuther, Auto Workers Union president and spokesman for the labor group, said Khrushchev accused him of being a dictator and "a capitalistic stooge."

"I certainly think Mr. Khrushchev feels we gave him a very bad time—he made that quite clear," Reuther told a jammed news conference after the three-hour, 20-minute private dinner.

The union men said they blasted communism in no uncertain terms and told Khrushchev of American workers' devotion to freedom. They said Khrushchev defended the Communist system and both sides thereupon agreed to disagree.

No effort was made to tone down questions, Reuther said, although there had been advance word State Department officials wanted to avoid having Khrushchev further irritated on his American tour. Reuther said his group had received no request for a kid glove approach.

Khrushchev didn't budge an inch. When asked about the 1956 revolt in Hungary, suppressed by Soviet troops, he accused the revolutionaries of being "hooligans and saboteurs."

Why is it that Soviet workers have no right to strike—a freedom extended workers in this country—Khrushchev was asked.

His reply, the union men said, was that Soviet workers have such a right, but never exercise it feeling, according to Khrushchev, their government will take care of them.

Emil Rieve, board chairman of the Textile Workers, asked Khrushchev if it weren't possible to have socialism without dictatorship.

"He sort of lost control of himself at this point," Reuther said. "He attempted to dismiss it as a stupid question not worthy of discussion. He never answered."

News Briefs
MOSCOW (AP)—The Soviet Union says her workers soon will have a seven-hour work day and a 40-hour week.

The Communist party's Central Committee announcement over the weekend appeared to have been timed for Premier Nikita Khrushchev's meeting with United States labor leaders Sunday night in San Francisco.

General wage increases in the future also were announced.

The same announcement said the minimum wage will be 450 rubles a month, compared with 300 rubles now. The unofficial rate for the ruble is about 10 to the dollar.

Most Soviet workers have been working an eight-hour day, six days a week.

VIENTIANE, Laos (AP)—Western correspondents who returned from Sam Teu Sunday night said the northeastern village, reported scene of five days of fierce fighting, was practically unscathed.

They said Laotian government troops withdrew under attack Sept. 12 but re-entered the village the following morning and remained ever since.

Fighting appears to have bogged down in tropic heat and no new military activities were reported today.

LONDON (AP)—British newspapers hinted Monday at a new romance for Princess Margaret, but her close friends said "ignore it."

The story of the friendship between the 29-year-old princess and Canadian lawyer John Turner, 30, began when Margaret visited Canada in July 1958.

Turner's stepfather, John Ross, is lieutenant governor of British Columbia.

BOMBAY, India (AP)—The Times of India said Monday the death toll in Sunday's stampede at the village of Zinzaka has now risen to 90. The official total still stands at 49. The stampede started when a 17-year-old girl opened the door of her house to show herself to nearly 100,000 people who believed she was the reincarnation of the goddess Bhavani.

MOSCOW (AP)—Preliminary data radioed by the Soviet Union's moon rocket shows there is no magnetic field in the vicinity of the moon similar to that surrounding the earth, the Soviet news agency Tass said Sunday night.

The absence of such a field "seems to establish the theory that the magnetic field around the earth is caused by movement of the molten core of the earth since the moon presumably has no molten core," the broadcast said.

James A. Garfield, 20th President, was shot by a frustrated government employee in a Washington, D. C., railroad station in 1881. He died from his wounds in Elberon, N. J.

16 KILLED IN ACCIDENTS IN PENNSYLVANIA

By THE ASSOCIATED PRESS
A fiery airplane crash which killed five persons pushed the accidental death toll in Pennsylvania to at least 16 persons for the week-end.

Eight of the victims died in traffic accidents.

The plane crash Sunday night occurred as the Piper Apache smashed into a clump of trees attempting to land at the newly dedicated Jimmy Stewart Airport just outside of Indiana.

Killed were the pilot, Wayne Hess, 41, of Clymer R. D., and passengers Edward Stahura, 27; his brother Andrew, 31; Blaine Johnson, 26, and Joseph Ricupero, 26, all of Indiana.

Cathy Runyan, four, daughter of Mr. and Mrs. Harold Runyan, of Bloomsburg, was killed Saturday when she ran into the path of an auto.

Autos Crash
Earl E. Vicker, 45, of Somerset, died Saturday when his car struck a tree off Route 219 near Somerset.

Mrs. Helen M. Heverly, 61, of Altoona, died in a two-car collision Saturday night on Route 22 near Hollidaysburg.

Harry Stymate, 62, of Pittsburgh, was killed by a car as he walked on Route 22 east of New Alexandria, Saturday.

John Phillips, 21, of Latrobe, was killed Saturday when the car in which he was riding hit a tree on a rural road near Latrobe.

Killed In County
Juan Rodriguez, 40, of Bendersville, was killed Sunday when an auto in which he was riding struck a tree on Route 234 near Biglerville in Adams County. He and the driver, Angel Santos, 20, of Aapers R. I. who suffered cuts, were identified as migrant workers.

Richard Jackson, 17, of Philadelphia, died early Sunday of internal injuries suffered in an auto crash the night before.

Mrs. Claude Siegfried, 54, of R. D., Lehigh County, was killed Sunday when her car overturned in Emmaus, an Allentown suburb.

PROPOSE FOUR STATE AGENCY
PHILADELPHIA (AP)—The Water Research Foundation for the Delaware River Basin is backing a plan calling for creation of an interstate agency to control water resources in the four-state basin.

The plan, announced Sunday, is based on a report drawn up by the Maxwell Graduate School of Public Affairs at Syracuse University after a two-year study. It was financed by a grant of \$131,000 from the Ford Foundation.

The proposal calls for creation of a commission with representatives from Pennsylvania, New York, New Jersey and Delaware.

The commission would have the power to do overall planning for use of water in the area; control and supervision of all dams, reservoirs and other water structures; regulation of quality of water; control over water withdrawal and diversion; power to sell water, hydroelectric power and to charge for recreational use of its facilities.

PARIS (AP)—Opposition to Premier Charles de Gaulle's plan for Algeria got under way over the weekend with formation of a new political party pledged to keep the whole territory French.

The movement is called the Rally for French Algeria. Last week De Gaulle offered Algeria a three-way choice: integration with France, local autonomy or complete independence.

Well Fed Red
SAN FRANCISCO (AP)—Here's what Soviet Premier Nikita Khrushchev and his family had for breakfast in their royal suite at the plush Mark Hopkins Hotel Monday:

Fresh California orange juice, yogurt, creamed cottage cheese, boiled half chicken with steamed rice with strict orders for no salt because of the premier's salt-free diet, hearts of filet steaks well-done, crisp french-fried potatoes, flower cabbage fried in oil with whites of raw eggs new peas sauted in butter, halved cucumbers not peeled and fresh tomatoes whole, not peeled, green and ripe olives, sliced swiss cheese, white toast, croissants, briches, sweet rolls, jelly, marmalade, and coffee, tea and milk.

Khrushchev has said more than once since entering this country that he is being well fed.

Price Increase
On Phila. Haircuts
PHILADELPHIA (AP)—The price of haircuts in the Philadelphia area and the Delaware Valley area from Harrisburg, Pa., to as far south as Wilmington, Del., will be raised from \$1.50 to \$1.75 effective Oct. 15.

The announcement was made on Monday night by Ralph Avallone, president of the Pennsylvania League of Master Barbers. He said the league's board of directors had approved the new scale.

Children's haircuts will be increased to \$1.50. Presently they range in price from \$1.35 to \$1.45.

NOBODY GETS HIT OR KILLED IN NEW SHOW

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP)—June Allyson turned up on the home screens Monday night in the first of a dramatic series which, in this television season, is pretty unusual.

It was a half-hour show. Nobody got killed—nobody even got slugged. Everybody liked everybody else. Nobody was under analysis. The whole thing was in modern dress.

The plot was neat and simple: the story of a young widow who, with her mother-in-law tried to keep alive the memory of a beloved husband. Significantly, the names of the two women—played by Miss Allyson and Ann Harding—were Ruth and Naomi. Of course there was a suitor, and it all ended happily.

As Miss Allyson recently suggested, women are going to like this CBS entry—a veritable oasis in a desert of hour-long Westerns and adventure stories. Women will enjoy it even though the plays in the anthology are bound to resemble daytime serials more than Paddy Chayefsky.

Another newcomer was "Love and Marriage," a situation comedy with a Tin Pan Alley theme. This one, on NBC, is based on the old idea that a grouch with a heart of pure gold is funny.

Not Very Amusing
They've made this grouch a music publisher, thereby establishing an excuse to sing some good vintage songs.

In spite of dubbed-in laughter, however, the first show wasn't very amusing. William Demarest, who plays old cranks with hearts of gold very well, is the star. Others in the cast include Jeanne Bal, his married daughter, and Stubby Kaye as a song-plugger.

CALLED "SORCERER"
WEST POINT, N.Y. (AP)—Francis Cardinal Spellman has called Soviet Premier Nikita Khrushchev a "sorcerer" and "assassin" who is trying to seduce America with talk of economic competition and peaceful coexistence.

The archbishop of New York, in a speech Sunday at the dedication of a chapel at the U.S. Military Academy, did not use Khrushchev's name but issued his warnings against "the seductive smile of the sinister master of Moscow."

A. FLEXNER DIES AT 93
WASHINGTON (AP)—Abraham Flexner, founder and first director of the Institute for Advanced Study at Princeton, N.J., died Monday at his home in suburban Falls Church, Va., after a brief illness. He was 93.

During his long career as an educator, Flexner helped overhaul America's medical schools and had wide influence on the development of the modern universities, England and Germany.

As a member of the General Education Board of the Rockefeller Foundation, Flexner channeled millions of dollars from private philanthropies into education.

He is credited with getting John D. Rockefeller Sr. to spend 50 million dollars on the reorganization of American medical education between 1917 and 1927. In 1920 he got five million dollars from George Eastman for a medical school at the University of Rochester. From still other sources he raised 10 million dollars for Cornell.

Years of study and teaching convinced Flexner that the country needed a small center where gifted scholars could concentrate on pure learning without the external trappings of a university.

SERENE IS THE WORD FOR K'S WIFE ON TRIP

By FRANCES LEWINE
SAN FRANCISCO (AP)—Serene is the word for Mrs. Nina Khrushchev in the midst of her husband's unpredictable, hectic and free-wheeling tour.

Mrs. Khrushchev is on her first trip to a country of the West. Is she relaxed amid America's top diplomats, officials and movie stars?

"I've never seen her otherwise," reports her official hostess, Mrs. Henry Cabot Lodge, the tall, blonde wife of the U.S. ambassador to the United Nations.

Unforgettable
Boston-born Mrs. Lodge, who moves with polished grace in diplomatic and social circles, calls the tour "an experience I will never forget."

Mrs. Lodge believes the whole Khrushchev family is enjoying the visit to America, even if at times it may seem otherwise. Here are some of her impressions.

"Almost everything interests Mrs. Khrushchev," she says, the countryside, cattle, even the roofing on a house.

A Close Family
Mrs. Khrushchev laughed out loud at the Broadway musical "The Music Man," liked the farm at Beltsville, Md., best of all. She seems to know a lot about trees and vegetables, spotting them accurately.

The Khrushchevs—that is son, Sergei, and married daughters, Rada and Julia—and Papa Nikita—appear to be a very close family "and I think they have fun together."

They're not formal at all, and Mrs. Khrushchev is "definitely sort of the nucleus of the family."

No Awkwardness
Mrs. Khrushchev's English is fine for chit-chat but an interpreter is needed for anything complicated. Daughter Rada speaks very good English.

Traveling with the Khrushchevs is relaxed, Mrs. Lodge says.

"I never feel there's a cold, awkward silence. They're receptive if you talk and they talk back in return."

LONDON (AP)—Moscow radio turned sour Monday on Premier Nikita Khrushchev's reception in the United States.

After days of assuring the Soviet people that Khrushchev was scoring a huge success, a broadcast advised the home folks U.S. officials "are even now doing their best to prevent him from meeting plain American citizens in a calm and friendly atmosphere."

KUALA LUMPUR, Malaya (AP)—Malaya's King is suffering from a heart attack, the government radio announced Monday. H. M. Tuanku Abdul Rahman, 64, is "progressing satisfactorily but his condition gives rise for anxiety," said a medical bulletin.

STEEL STRIKE IS STARTING TO HURT MORE

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The steel strike is starting to hurt. There are layoffs and slowdowns in output of steel users. But even more important perhaps, it is hurting in the planning rooms of corporations where it is regarded as a delayed bomb.

Stocks that may be ample enough to keep plants going for a few more weeks will have to be stretched not only until the strike ends but also over the period that it will take steel mills and fabricators to produce the required kind of steel.

So far there is no public sign that the strike is near an end. Each week it goes on makes it harder for users to plan future production because it often takes weeks to produce a special kind of steel after it is ordered.

Some Felt It Early
The strike hurt some companies and their workers right from the start—coal mines and railroads serving steel mills and their customers.

Now shortages of some special kinds of steel are causing layoffs in some plants of users, even if their over-all supplies seem ample. Steel trading among plants has kept some going.

Some companies have turned to the costly business of converting hot rolled sheets and plates obtained from warehouses into cold rolled sheet to be plated with zinc or lead or tin.

Record Imports
Others have bought foreign steel, even if the price has been rising, and the supply tightening as Western Europe steps up its own usage by industry.

The Department of Commerce says July imports of steel set a record at 430,000 tons, compared with the previous July's 173,179 tons. For eight straight months imports have exceeded exports.

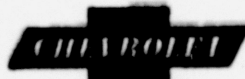

But imbalanced inventories are beginning to get serious, many companies will admit privately. One appliance maker says his company, in effect, is borrowing steel intended for production of 1960 models to finish off 1959 output of models that are selling well.

Will Take Weeks
One steel authority says it will take some time after the strike for warehouses to rebuild their stocks and says many steel customers are drawing their stocks well below normal levels and must restock.

The strike's effects show up in official government statistics. Most of the available ones are for August and some show the effects also of the auto slowdowns for model changeovers.

But it's the next few weeks, not August, that's worrying businessmen and federal and state authorities. Each week the strike goes on, the farther off will full recovery be.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Nikita Khrushchev sounds like a genial undertaker. The Soviet Premier can tell jokes but he has repeatedly talked of death in one form or another since he came here.

A psychologist might find it gloomy that Khrushchev, who switches from humor to anger in a flash and who has the power to turn the cold war hot instantly, dwells so much on corpses, graves, annihilation, burial and death.

He told the West three years ago "We will bury you," explaining when he got here that he had meant communism would prove itself superior to capitalism. He said he didn't mean the physical act of burying.

"Cart Corpse Away"

Nevertheless, "bury" must be high in his consciousness.

At the United Nations he spoke of the need to bury a dead man—meaning the Formosan government of Chiang Kai-shek — and urged that the "corpse" be carted away.

At one time he mentioned the power of nuclear weapons to take a "terrible toll in human lives" and at another warned they could cause the "annihilation of human beings."

He referred to the colonial system as "moribund," said a question about the Soviet Union's part in crushing the Hungarian revolution was a "dead rat stuck in your throat," and talked of East-West peace as a "question of the life or death of people."

"Commit Suicide"

He wondered out loud in Los Angeles if he should commit suicide—this was supposed to be a joke—because he couldn't see Disneyland, and he called for American-Soviet assurance of peace lest the earth be "covered with ashes and graves."

Khrushchev is not a simple man. Now, having elbowed his way to the top of the Communist heap, he is used to having his way without contradiction. That may explain his sudden spurts of anger when he thinks he is short-circuited or affronted.

But there is another possible explanation: that he is a lot less self-assured than he tries to appear. It would be easy, judging from things he says, to consider him arrogant.

But that may be only a compensation for deep-rooted inferiority.

Boasts Of Power

His repeated boasts about Soviet power and his brandishing of rockets, even on this visit, are not the language of a man truly self-confident that Soviet power is acknowledged and respected.

He spends too much time trying to compel respect—too much time at least for a man who firmly believes he has respect.

He is quick-witted. He's tough. But he is also impetuous—for example, his bad temper with the mayor of Los Angeles—and this

Rumors had spread about where they might go and a crowd of some 300 gathered to wait outside 1. Magnin & Co., San Francisco's biggest exclusive women's store.

Mrs. Khrushchev went instead to a Sears Roebuck store, where she spent \$150 buying clothes for grandchildren — just born and expected.

The outing, lasting from about 11 a.m. to 4 p.m., took her and the Khrushchev daughters, Rada and Julia, over the famous Golden Gate bridge, through a Chinese section of the city and into the suburbs.

They paused at 2:15 p.m. for a late lunch at Trader Vic's, a swank restaurant often frequented by San Francisco socialites.

It was after lunch that the private journey ended. As the party set out for an hour and a half drive, a 10-car motorcade of newspaper people screeched past red lights and up the steep hills after them.

FRESH BOSTON BUTT
— SESAME STUFFING

Good old fashioned stuffing was a regular standby in Grandmother's day but we have just as many uses for stuffings today. Take for example this fresh Boston butt: after removing the bone, we find there is ample space for a stuffing, and what could be better than a pork roast, cooked to perfection, with lots of flavorful stuffing in the center? Here is the way to prepare a fresh Boston butt with sesame stuffing: Ask your meat retailer for a 4 to 6-pound fresh Boston butt and have him remove the bone from the roast, thus leaving a pocket for stuffing. If you tell him that you plan to stuff the roast, he will possibly sew it together on one side, leaving the other side open for stuffing; or you might prefer doing this step yourself as it can be done with a large darning needle and medium weight cord.

Place the meat fat side up on a rack in an open roasting pan. Do not cover, and do not add any liquid to the pan. Set the oven regulator at 350° F. allowing 45 to 50 minutes per pound for the roast to reach the well-done stage. You can plan on getting 10 to 12 servings from the recipe so it is a good suggestion to keep in mind when having guests. Speaking of guests, the man of the house can do himself proud when it comes to the carving of this roast because it is an absolute cinch! Being completely boneless, it is easy to carve into uniform servings. Of course it is a good idea to plan on letting this stuffed roast stand in a warm place for 20 to 30 minutes after it is done and before it is carved, in order to give the meat a chance to set. Since pork is always cooked to the well-done stage, the golden brown color on the outside is sure to make a hit with everyone as soon as they see it; and once they taste it, there will be calls for more!

MRS. "K" GOES ON FOUR-HOUR SHOPPING TRIP

By FRANCES LEWINE

SAN FRANCISCO (AP) — State Department officials helped Nina Khrushchev dodge reporters and

raises questions about his stability and his patient endurance under stress.

This is probably a matter of concern for Western leaders in dealing with him. It's possible he's been putting on an act here, using temper, backed by Soviet power, as a kind of blackjack.

"Temper Is There"

But the temper is there. If Khrushchev's performance so far could be summed up in a sentence, this might be it: he lacks the grace of a man who is really sure of himself.

Yet Khrushchev himself, in talking at the U.N., pointed out how disastrous the instability of one man could be at a time when one trigger-pull on a hydrogen weapon could start a war or destroy a city.

He said then: "The world has reached a point where the strength of no more than some ridiculous accident, such as a technical fault in a plane carrying a hydrogen bomb or mental aberration in the pilot behind the controls, may translate war into reality."

Hoffa Union Boss Indicted 11 Times

PITTSBURGH (AP) — Theodore Cozza, president of the Teamsters Union Local 211, is under federal indictment for 11 violations of the Taft-Hartley Act.

The local boss of Jimmy Hoffa's union was accused by a grand jury Monday of receiving wages from the Sun-Telegraph but doing little work for the money. The government contends he got \$3,050 between 1956 and 1958 for only a few weeks of work.

Last June Cozza took the fifth amendment before a Senate Rackets Committee when he was asked about his alleged income of \$189,930 between 1948 and 1959 and about other benefits.

Robert Baker of St. Louis, another Teamster man, was accused of unlawfully receiving \$525 from Exhibitors Service Co., a Pittsburgh film distributing firm.

Slipping out of the official Khrushchev motorcade in a sleek maroon car, Mrs. Khrushchev and her small entourage eluded their own local police escort. They were off for more than three hours before newsmen located them. But she was escorted by her own security guard throughout.

THIEL AWARDS NIXON DEGREE

GREENVILLE, Pa. (AP) — Vice President Richard Nixon said Monday that Americans must expect the Soviet Union to be first in some of the great scientific breakthroughs.

"This does not mean," he added, "that our system is inferior or is wrong."

Nixon was at Thiel College to dedicate a new \$185,000 science hall and to receive an honorary degree of doctor of humane letters.

He told a crowd at the dedication that Soviet Premier Nikita Khrushchev is justifiably proud of educational achievements in the Soviet Union. But the vice president said, "We do not want to adopt the Soviet educational system which believes only in scientific materialism and atheistic education."

NEFF TRIAL TO BEGIN TODAY

BEAVER, Pa. (AP) — Testimony was expected to begin today in the trial of former state Senator Samuel G. Neff and four others on charges of extortion and conspiracy to commit extortion.

Selection of the jury was completed late Monday and Judge

Morgan H. Sohn also took under consideration a defense motion to quash the indictments.

Members of the jury were held together Monday night and will remain together until the trial is completed.

Charged along with Neff were Edward Nitsche, Robert Yoho, Leon Kaleta and James Macry. All are former highway employees. They were indicted on charges of taking financial kickbacks from contractors who leased highway equipment to the state.

SECRETARY IS BEATEN ABOARD SHIP; DROWNS

BOSTON (AP)—A winsome and talented secretary of a university professor, returning from the Orient, was victim of violent death on shipboard after the world-girdling vessel left Boston, investigators said Monday.

The savagely battered body of Lynn Kauffman, 23, pretty Chicago divorcee, was found in Boston harbor Saturday, a day after the Dutch passenger-cargo steamer Utrecht sailed for New York.

The Utrecht cleared Commonwealth Pier, Boston, at 6:15 p.m. Friday. Conversation was held with the girl, through her cabin door, at 6:55 p.m.

In addition to the crew and a pilot, the ship carried 11 passengers. They included Juanita Spector, wife of Prof. Stanley Spector of Washington University, St. Louis. Prof. Spector, who was not aboard, had employed the young woman two years ago as secretary and during the past year as interpreter in his Far

East studies.

Lynn made her home with the Spectors in Clayton, Mo., outside St. Louis.

It was Mrs. Spector who talked with the girl through the door. Dr. Michael A. Luongo, medical examiner, said of the 100-pound, 5-foot-2 victim's death: "The official cause is drowning. However, she had several multiple blunt injuries about the face, head and other parts of the body, also severe brain injuries which were incurred before she drowned. The multiplicity of the injuries makes me go to the conclusion that this is a case of violence. I don't believe they could have been caused by a fall from a ship."

Dr. Luongo said he found no evidence of sex attack.

Woman Killed When Car Upsets

HAZLETON, Pa. (AP)—An auto overturned off Route 309 south of Hazleton early today, killing a Lansford woman and injuring her friend.

Dead on arrival at Hazleton State Hospital was Mrs. Martha Mongi, 31, (137 West Patterson St.), a passenger in the car. The driver, Jean K. Lowry, 28, also of (23 1/2 Jones St.) Lansford, was admitted to the hospital in fair condition with multiple abrasions and a possible fracture of the right shoulder.

State police said the women apparently were headed home when the car ran off the road into a dirt embankment and overturned. Officers added that they found the right rear tire blown out but they did not know whether this occurred before or after the accident.

East studies.

Lynn made her home with the Spectors in Clayton, Mo., outside St. Louis.

It was Mrs. Spector who talked with the girl through the door. Dr. Michael A. Luongo, medical examiner, said of the 100-pound, 5-foot-2 victim's death: "The official cause is drowning. STOCKHOLDERS VOTE TODAY ON RAIL MERGER

NEW YORK (AP)—Stockholders of the Erie Railroad and the Delaware, Lackawanna & Western Railroad meet today to decide on whether the two lines should band together into a single, 7,300-mile system.

The stockholder groups, in separate meetings slated for 10 a.m. EST, must endorse the proposed merger by at least two-thirds majorities.

The consolidated road, extending from Hoboken, N. J., to Chicago, would be known as Erie-Lackawanna Railroad Co.

Under the merger plan, Erie common stockholders would get 1 1/4 shares and Lackawanna stockholders one share of common stock in the new company for each share they hold now.

Bonds Not Affected
Erie preferred stock would not be affected. All existing bonds of both roads would remain outstanding.

The two lines figure the merger would boost their earnings by at least \$3,400,000 a year before federal income taxes. The new road would have combined assets of about 730 million dollars.

The planned merger, long under discussion, originally included Delaware & Hudson Railroad, which runs between Wilkes-Barre, Pa., and Montreal, Canada. But the road dropped out of the discussions last year. Erie officials, however, have said there's a chance the D & H might still join the proposed system.

SEOUL, Korea (AP)—President Syngman Rhee has called Typhoon Sarah South Korea's worst natural calamity in 50 years and asked the entire nation to join in helping the stricken people.

The official total of dead reached 432. The government asked the United States for emergency relief. Typhoon Sarah hit South Korea Thursday.

CAMDEN, N.J. (AP)—The 35,000-ton tanker, Ocean Ulla, was christened Sunday at the New York Shipbuilding Corp.

The tanker, with a 676 foot length and 93 foot beam, has a capacity of 294,014 barrels.
